7. Of the candidates appointed, Mr. J.F. De Costa is said to hold a diploma of Military Assistant Surgeon and Mr. M. Shanker Rao is an L.M.S. These as usual are appointed as 1st class Sub Assistant Surgeons carrying a salary of Rs.60/- per mensem. The other two candidates have only passed the Hospital Assistant's Examination. It is not clear why they are not started on the lowest salary of Sub Assistant Surgeons. Some relaxation in the procedure to be adopted was necessary in November 1911 owing to the emergency at the time, but no such crisis does exist now.

Sir,

With reference to para 2 of Government Order No. 9470-1 Med. 13-14-42 dated 27-5-1915, I have the honor to state that the Sub Assistant Surgeons in question were entertained in higher classes than the lowest, as no other qualified candidates were available for employment on more favourable terms and as the Department was very much pressed for hands at the time. Mr. Puviah passed from the Madras Medical College in 1899 and Mr. Modi from the Ahamedabad Medical School in 1891 and consequently possessed experience of 15 years and 23 years respectively. They were, therefore, offered the pay of the class to which they would have reached had they been in the Service of this State from the very beginning.

2. I may also add that Mr. Puviah was in Coorg service and Mr. Modi in the service of a Native State in Kathiawad, which they respectively resigned.

3. As it is not always easy to secure the services of qualified middle aged men of experience, they had to be offered the appointment under the usual conditions of probation for one year, subject to confirmation on approved service during such probation.

Dear Sir,

Signed by Mr G. Seniviasa Iyer

Dear Sir,

Your D.O.letter No.378-Med.13-14 of even date, enquiring whether the marginally noted three Sub Assistant Surgeons cannot be regarded as temporary.

1.Mr.J.F.Decosta.
2." M.Puviah.
3." D.B.Modi.

It was in answer to the same question contained in para 2 of G.O.No.9470-1-Med.13-14-42, dated 27th May 1915, that this office letter No.G.515 dated 31st May 1915 was addressed to Government.

Applications from outsiders were invited (with the sanction of Government) merely because the department was so short of hands that it was found very difficult to run the medical institutions and the appointments now in question were made as no other men were willing to accept the reasonable rates of pay offered by me according to the experience and qualification of each of the applicants.

As already reported in para 3 of my letter of the 31st May last, the men have been appointed subject to confirmation on approved service of one year during which they will be on probation.

Under the circumstances, I request that Government may be pleased to sanction the appointments as a special case unless it is their desire to make me violate my own orders passed in the usual course in the best interests of the service and to put to serious inconvenience three innocent men who responded to my order, breaking all their former connections.

I may assure Government that the age (in other words, experience) of the men is no disadvantage to the Medical Department, while the interests of the Financial

P.T.O

Department are, I presume, sufficiently secured by Art.337(a) of the Service Regulations which will apply to their case.

I shall feel obliged by your obtaining very early orders of Government in the matter as the poor men have been serving without pay for over three months.

Yours sincerely,
